42. Egeland, A., Olsen, S. and Gustafsson, G.: Audio- and subaudio - frequency electromagnetic radiation at high latitude. Final report, task 1 and 2. Contract no. AF 61(052)-600, 25 March 1963.
43. Gustafsson, G., Thunberg, A. and Heikkilä, K-E.: A system for automatic collection and processing of standard magnetometer data, and the calculation of their power spectrum. Annual summary report. Contract no. AF 61(052)-237. Report period 1 October 1961 - 30 November 1962. 10 April 1963.
44. Egeland, A. and Riedler, W.: Very low frequency radio wave propagation at high-latitudes. Scientific report no. 1. Contract no. AF 61(052)-678, 25 June 1963.
45. Gustafsson, G.: Ionization in the D-region during auroral break up events. Scientific report no. 3. Contract no. AF 61(052)-288, 31 July 1963.
46. Gustafsson, G. and Lundström, J-E.: A short description of the auroral photometer at Kiruna Geophysical Observatory. Annual summary report no. 3. Contract no. AF 61(052)-288, 31 July 1963.
47. Liszka, L.: Auroral zone faraday rotation studies. Scientific report no. 2. Contract no. AF 61(052)-678, 30 December 1963.
48. Liszka, L.: Dependence of auroral zone satellite scintillation on geomagnetic activity. Scientific report no. 3. Contract no. AF 61(052)-678, 16 January 1964.
49. Brown, R.R.: Features of the auroral electron energy spectrum inferred from observations of ionospheric absorption. (Dept. of Physics, Univ. of California, Berkeley, Calif. USA).
50. Liszka, L.: The geographical distribution of satellite scintillation activity above northern Scandinavia. Scientific report no. 4. Contract no. AF 61(052)-678, 10 February 1964.
51. Brown, R.R.: Day-night ratio of auroral absorption for breakup events, 1963.
52. Hultqvist, B. and Egeland, A.: Radio aurora. November 1963.
53. Gustafsson, G. and Egeland, A.: Magnetometer, photometer and earth current observations at Kiruna. Final report. Contract no. AF 61(052)-688, 15 February 1964.
54. Hultqvist, B.: On the height of auroral absorption. NASA-X-611-63-257, December 1963.
55. Brown, R.R.: A study of slowly varying and pulsating ionospheric absorption events in the auroral zone. 1964.

26. Liszka, L.: Investigations of properties of the auroral zone ionosphere by means of a radioastronomical swept-frequency interferometer, covering the frequency band 35-65 Mc/s. Scientific report no. 4. Contract no. AF 61(514)-1314, 1 February 1962.
27. Liszka, L.: Studies of HF- and VHF-auroral zone propagation. Final report, Tasks 1 and 2. Contract no. AF 61(514)-1314, 1 March 1962.
28. Egeland, A., Olsen, S. and Gustafsson, G.: Noise emissions in the audio frequency range. Final report, Task 3, Contract no. AF 61(514)-1314, 7 March 1962.
29. Ortner, J.: Self demodulation of medium frequency sky-waves. Scientific report. KGO no. 621.
30. Hultqvist, B.: Sunrise and sunset effects on cosmic noise absorption associated with aurora and magnetic storms. Scientific report 1, 22 April 1962. Contract no. AF 61(052)-601.
31. Liszka, L.: Observations of radio transmissions from 1961 A-Gamma 1 (Discoverer 32) made at Kiruna Geophysical Observatory. Scientific report no. 5, 30 April 1962. Contract no. AF 61(514)-1314.
32. Hultqvist, B.: The height distribution of the ratio of negative ion and electron densities in the lowest ionosphere. Scientific report no. 2, 6 May 1962. Contract no. AF 61(052)-601.
33. Gustafsson, G.: Time variation of auroral light emission down to periods of about 200 microseconds. Scientific report no. 1, 15 May 1962. Contract no. AF 61(052)-288.
34. Gustafsson, G. and Ortner, J.: Connections between sudden changes in auroral emissions ionospheric currents and electron contents. Scientific report no. 2, 15 May 1962. Contract no. AF 61(052)-288.
35. Liszká, L.: Diffraction of satellite signals by irregularities in sporadic E-layers. Scientific report no. 6, 18 May 1962. Contract no. AF 61(514)-1314.
36. Hultqvist, B.: Studies of ionospheric absorption of radio waves by the cosmic noise method. Scientific report no. 3, 15 June 1962. Contract no. AF 61(052)-601.
37. Liszka, L.: Auroral zone satellite scintillation studies. Scientific report no. 4, 10 July 1962. Contract no. AF 61(052)-601.
38. Egeland, A. and Eriksson B.: Studies of auroral echoes in the lower VHF band. Scientific report. KGO no. 622, 20 July 1962.
39. Ortner, J.: Polar cap experiments. Scientific report. KGO no. 623, July 1962.
40. Elkins, T. and Egeland, A.: Ionospheric effects associated with nuclear weapon tests July-December. Scientific report. KGO no. 632, 1 March 1963.
